- BIOETHANOL
- For usage and information about bioethanol, please visit our website [decoflame.dk](http://decoflame.dk).
- (Please note that bioethanol is essential for the correct use and warranty of your product).

Denver e-Ribbon Round is a compact and automatic burner equipped with an e-Ribbon Fire™ burning system. With advanced technology and various safety features, you get a biofireplace that is both easy and safe to operate. The burner can be operated with a remote control, on the LCD Touch Display, or through the DecoFlame App, available for Android and iOS.

The model is suitable for various fireplace applications and can be used as a recessed burner in different non-combustible materials suitable for indoor use. DecoFlame recommends installing glass, partly to protect the flame from drafts and simultaneously maintain a lively fire.
